THE FIGHTING FIERCE.

Trenches Filled With Wounded Spaniards.

MANILLA BATTLE IN DETAIL.

Losses on American Side Were Remarkably Small.

NONE OF THE WARSHIPS INJURED.

Forts Failed to Respond to Their Steady Fire.

TURNED ATTENTION TO TROOPS.

Capital of the Philippines Is Now Under Martial Law, Perfect Order Prevails, and American Soldiers Are Guarding Residences.

Hongkong, Aug. 18.—The American collier Zafiro, from Manila, which arrived here Tuesday, is anchored in Junk bay. She left Manila on the 14th. A typhoon is raging and it is impossible to land the mails with further details of the battle at Manila.

It is learned, however, from an American naval officer, that when Admiral Dewey, on Aug. 6, demanded the surrender of Manila within 48 hours, the Spanish commander replied that the insurgents being outside the walls he had no safe place for the women and children who were in the city, and asked for 24 hours' delay. This Admiral Dewey granted.

At the expiration of the specified time Admiral Dewey and General Merritt consulted and decided to postpone the attack.

On Aug. 13 the American squadron formed in line off Manila. The Olympia fired the first shot at the Malate fort. The shots of the Americans fell short and some time was occupied in finding the range.

SENT IN A HOT FIRE.
Then the Callao, one of the gunboats captured by Admiral Dewey from the Spaniards, got under the fort and sent in a hot fire. Great destruction was done with the rapid-fire guns.

The fort failed to reply, but fired on the American troops that were storming the Spanish trenches. The large American ships were ordered to cease firing after an hour's work owing to the failure of the fort to respond.

The fighting in the trenches was most fierce. Fifteen minutes after the Spaniards were driven to the second line of defenses they were forced to retreat to the walled city, where, seeing the uselessness of resistance, they surrendered, and soon afterward a white flag was hoisted over Manila.

The Belgian consul at Manila, M. Andre, boarded the Olympia and returned with an American lieutenant to the Spanish military governor, who agreed to surrender.

General Merritt proceeded to the palace at 3:30 p. m. and there found the Spaniards formed in line. The troops surrendered their arms, but the officers were permitted to retain their swords.

AMERICAN LOSS SLIGHT.

The American loss is reported to be six or eight killed and 40 wounded. The Spanish loss was considerable, but the exact numbers are not obtainable. The trenches were filled with badly wounded Spaniards. Manila is now under martial law, with General Merritt as military governor.

Perfect order prevailed at Manila on the evening of Aug. 13. As the Americans marched in guards were placed around the houses of all foreigners in order to prevent their being looted.

The insurgents were not allowed to take part in the attack upon the city, but were kept in the rear of the Americans. In order to prevent bloodshed they were forbidden to enter the city after the surrender unless they were unarmed. Before the surrender the Spaniards burned the transport Cebu in the Pasig river.

It is supposed that Admiral Dewey was unaware of the departure of Governor General Augusti. Zafiro's officers first heard the news of the governor general's flight on their arrival here.

General Augusti's escape is considered to have been prearranged, as he brought with him his family and suite.

Dewey's Official Report.

Manilla, Aug. 18, via Hongkong. Aug. 18.—Manilla surrendered today to the American land and naval forces, after a combined attack. A division of the squadron shelled the forts and

intrenchments at Malate, on the south side of the city, driving back the enemy, our army advancing from that side at the same time. The city surrendered about 5 p. m., the American flag being hoisted by Lieutenant Brumby. About 7,000 prisoners were taken. The squadron had no casualties, and none of the vessels were injured. On Aug. 7 General Merritt and I formally demanded the surrender of the city, which the Spanish governor general refused. DEWEY.

The Spaniards Demoralized.
San Francisco, Aug. 18.—Advices from Manila, dated July 22 and received Wednesday by the transport steamer Australia, say the news of the disaster to Admiral Cervera's squadron and the turning back of Camara's fleet completely demoralized the garrison of Manila.

RATHER HUMOROUS.
Spanish Officers Post Bulletins of Dewey's Destruction at Manila.

Santiago de Cuba, Aug. 18.—Major Miley has returned from Baracoa and Sagua de Tanamo. At the two places there were 1,756 officers and men surrendered, 2,321 stands of arms and 413,000 rounds of ammunition and five Krupp guns, ranging in caliber from five inches down to two inches.

Troops were very short of food, but 15 days' rations were given them by Major Miley and a large amount of Red Cross supplies landed at the same time at both places. These troops knew nothing whatever of the destruction of Cervera's fleet, the fall of Santiago or any later events. They accepted the situation, however, and appeared to be glad of the opportunity of getting home.

Major Miley states that on the door of the commanding officer was posted a bulletin purporting to be a telegram from the naval commander at Manila informing Sagasta of his great victory over Dewey at Manila and Sagasta's thanks to him for the same.

Country in the vicinity of these towns in the same condition as that here—utterly destroyed and grown up. Inhabitants said that in 18 months they would be able to harvest their crop of bananas, which is the principal product of Baracoa.

A regiment of insurgents were found in the vicinity of each place, camped within a few hundred yards of Spanish troops, calmly observing each other. SHAFTEK.

Cable Closed.

Washington, Aug. 18.—It was learned at the war department that the reopening of the cable to Manila has some complications. The cable was laid by a British company by permission of the Spanish government, which granted the company a subsidy. When Admiral Dewey cut the cable because the Spanish authorities would not allow him the use of it, it was sealed up at Hongkong by order of the Spanish government, and it is claimed that an order from the Spanish government will be necessary before the company will be authorized to reopen it.

Colonel Torrey Recovers.

Jacksonville, Fla., Aug. 18.—Colonel Jay L. Torrey, who was severely injured in the railroad wreck at Tupelo, Miss., while en route here with his regiment, has almost fully recovered, and took command of his regiment. The regiment came down to the Windsor hotel in a body, bringing the colonel's horse, on which he rode out to camp. Two deaths occurred Tuesday. They were Corporal Ross Lackey of company H, Fourth Illinois, of meningitis, and Private Harry L. Glass of company A, First Wisconsin, of typhoid fever.

Customs Regulations For Manila.

Washington, Aug. 18.—The war department has issued regulations for the guidance of officers concerned in the collection of duties on imports and exports, taxes and other charges and exactions to be collected as a military contribution at ports and places in the possession of or under the control of the forces of the United States in the Philippine islands. The regulations are substantially the same as were recently put into operation in Cuba.

No Joint Occupation.

Washington, Aug. 18.—A cable message was received from General Merritt asking whether there should be a joint occupation of the city of Manila by the American and insurgent forces. The secretary of war, by direction of the president, sent a cable dispatch to General Merritt saying there shall be no joint occupation whatever, and the city, bay and harbor of Manila shall be held by the United States forces.

This Is Official.

St. Petersburg, Aug. 18.—The official Journal de St. Petersburg says: "The prestige of the white population in the Philippines has been almost entirely destroyed by the war. If an attempt is made to give the islands autonomy it should be effected gradually under strictly benevolent European tutelage."

Any other regime would bring back barbarism."

Captain Carmichael Suicides.
Washington, Aug. 18.—The war department received a dispatch from Lakeland, Fla., stating that Captain John Carmichael, commissary department, had committed suicide by shooting. His home is in Lexington, Va. He married a daughter of John Randolph Tucker. When appointed he was with the Nicaragua canal commission.

Americans Were Cheered.
Ponce, Porto Rico, Aug. 18.—Couriers from General Henry report that when a flag of truce was taken to Arecibo on Sunday only 120 Spanish soldiers were there. The inhabitants cheered the Americans in the presence of the Spanish troops. A report is in circulation here that Aibonito has been burned by the enemy.

The Silveira Paper.

Madrid, Aug. 18.—El Tiempo, the organ of Senor Silveira, leader of the Dissident Conservatives, continues its demand for a convocation of the cortes, alleging that while the cortes could not change the terms of the protocol, it may be able to influence the course of the negotiations regarding the Philippines.

German Action Criticized.

London, Aug. 18.—The Pall Mall Gazette comments on the "extraordinary action of the Germans in assisting the flight of General Augustin from Manila." In terms similar to those used by the Times it sharply criticizes the proceedings drawing attention to its similarity to the German action during the British bombardment of Zanzibar, when the usurping sultan sought refuge at the German consulate.

REGIMENTAL BAND

Of the Eighth Ohio Gives a Serenade at Santiago.

Santiago, Cuba, Aug. 18.—During evening the Eighth Ohio regimental band serenaded the Carlos Cuban club in recognition of the courtesy extended by the club to the officers of the American army and navy during their stay in Santiago.

The American national hymn was received with enthusiasm, all the Americans and Cubans—and even the Spaniards, who were present—rising, applauding and cheering.

Pando in Mexico.

Mexico City, Aug. 18.—General Pando, who has been here, has gone to Vera Cruz, and will thence proceed to Havana, expecting to accompany General Blanco to Spain. He said to his friends while here that both he and Blanco were unalterably opposed to making peace, and that the war should have been continued. His visit here was merely one for rest and health.

With Bryan's Regiment.

Jacksonville, Fla., Aug. 18.—Governor Holcomb of Nebraska, who has been on a visit to the Third Nebraska regiment, commanded by Colonel W. J. Bryan, has left for his home. The First brigade of the Second division has prepared a very varied program of a day's sports to be held Saturday, this week.

Augustin's Report Received.

Madrid, Aug. 18.—It is now asserted that General Augustin left Manila after the surrender. The government has received his report giving details as to the surrender, but is not yet ready to publish it. It is asserted that General Augustin on Aug. 7 refused all propositions to surrender.

Going to Havana.

Santiago, Cuba, Aug. 18.—The Clinton has been placed at the disposal of Miss Clara Barton of the Red Cross society and will be loaded at once to go to Havana before the end of this week to assist in relieving distress there.

To Investigate Fever.

Washington, Aug. 18.—General Sternberg has decided to send out a scientific commission to investigate the causes of typhoid fever in the army camps and report upon a method to prevent such occurrences in the future.

Resignations Not Accepted.

Madrid, Aug. 18.—The government has decided to reject the resignations of the governors general of Cuba, Porto Rico and the Philippines. The cortes, it is asserted, will re-assemble on Sept. 15.

Would-Be Assassin Shot.

Tampa, Fla., Aug. 18.—Robert Bagman, company C, Second Georgia volunteers, shot and mortally wounded a negro who attempted to assassinate him.

Much Sickness in Dawson.

Port Townsend, Wash., Aug. 18.—The steam schooner Rival arrived Wednesday, 14 days from St. Michaels, with 100 passengers from Dawson City. There were a few passengers aboard who had gold estimated at \$100,000. There is much sickness at Dawson and the hospitals are full.

BIG CONVENTION.

Lively Contest Among Wisconsin Republicans Over Nomination.

Milwaukee, Aug. 18.—The greatest political battle in the history of Wisconsin politics began at 12:20 p. m., when the state Republican convention at the big Exposition building assembled for the selection of a full state ticket.

It was the largest political gathering ever held in this state. The 1,067 delegates occupied half the floor space, the galleries being filled with spectators. Many ladies were in evidence.

Before the convention assembled the supporters of both Governor Scofield and Robert M. La Follette expressed confidence that their man would be chosen for governor, but a great battle is looked for before a choice for the head of the ticket is made.

Life Insurance Men Meet.

Minneapolis, Aug. 18.—The ninth annual convention of the National Association of Life Underwriters began with an unusually large attendance. Governor D. M. Clough spoke in behalf of Minnesota, and the keys of the city were metaphorically tendered the association by Mayor Robert Pratt, whereupon cheers were given for the state, city and association. President Bowles then delivered his annual address.

Unfortunate Inmates.

St. Petersburg, Aug. 18.—There was another great fire at Nijni-Novgorod, about 250 miles northeast of Moscow. The city workhouse was destroyed, the inmates jumping from the windows, many being killed and many more injured. Thirteen bodies burned to a crisp have already been found in the ruins and many of the inmates are still unaccounted for.

Tariff Regulations.

Washington, Aug. 18.—Many inquiries are received for copies of the new tariff regulation relating to our new possessions. Arrangements have been made by the war department so that the government printer will hereafter furnish copies of these tariffs at the cost price, with 10 per cent added.

A Suspect Arrested.

Pittsfield, Ill., Aug. 18.—A red-haired man has been arrested here charged with the murder of ex-State Senator Wall, near Stanton, Ill. The prisoner gives the name of Sebastian V. McCanley of Vanceburg, Ky.

To Build a Library.

Dumfries, Scotland, Aug. 18.—Mr. Andrew Carnegie has offered the town council of Dumfries the sum of £10,000 to build a public library.

THE TWO AMERICANS

Will Have Joint Control of Manila at Present.

LAW AND ORDER TO REIGN.

All Law-Abiding Citizens Will Be Treated Alike.

INSURGENTS TO GET NO FAVORS.

That Is, They Will Be Treated Just as Any Other Persons Will Be Under the Circumstances, and Will Not Be the Rulers.

Washington, Aug. 18.—The two American commanders at Manila, Admiral Dewey and Major General Merritt, united in a joint dispatch which was received here late Wednesday afternoon asking for instructions as to the manner of dealing with the various elements, particularly the insurgents, now that the city was occupied by the American forces.

After a conference at the White House, in which Secretary Alger and Acting Secretary Allen participated, instructions were sent to the two American commanders. The text of the request for instructions, and of the answer, was not made public, but Secretary Alger summed up the instructions as substantially as follows: "The instructions are to enforce law and order, and to treat all law-abiding citizens alike."

The instructions are practically the same as those sent to General Lawton. The latter order specifically stated that the insurgents must recognize the military occupation and authority of the United States, and the cessation of hostilities proclaimed by this government. Doubtless the same rule is being applied to the insurgents under Aguinaldo, although it was not officially stated that such specific orders were made.

AGUINALDO NOT MENTIONED.

It is said the joint dispatch from Dewey and Merritt did not in terms refer to Aguinaldo, nor did the instructions mention the insurgent leader by name. It is well understood, however, that the desire of the American commanders was to have instructions on the manner of dealing with the large and menacing forces of insurgents under Aguinaldo, who have surrounded Manila for many weeks, and who it is thought may or may not have demanded the right to occupy the city with the American forces, as the Cuban insurgents did at Santiago.

It had been thought in some quarters here that the showing heretofore made by the insurgents would lead to their receiving a certain amount of recognition, in the way of joint action between the United States forces and those of the insurgents, when the city was occupied.

But the instructions sent are based on occupation by the United States alone, and, as a high administration official summed up the situation, "There shall be no joint action except between Merritt and Dewey. They will maintain law and order and will treat insurgents and Spaniards alike, requiring all to observe peace and order."

Aside from this joint dispatch the only other word received from Manila during the day was in the brief dispatch from Admiral Dewey announcing the surrender of the city last Saturday. A detailed dispatch from General Merritt was eagerly awaited throughout the day, as it was feared that the sharp engagement of the land forces during the storming of Manila had resulted in some casualties on our side.

No dispatch came from General Merritt up to the close of office hours except the one in which he joins with Admiral Dewey in asking for instructions. Secretary Alger concluded from this that the casualties could not have been heavy, as he felt sure General Merritt would promptly report any considerable loss.

It was noted that neither the first dispatch of Admiral Dewey nor the joint dispatch of Dewey and Merritt made any reference whatever to the part which the German cruiser Kaiserin Augusta took in removing Captain General Augusti from Manila to Hongkong.

From this officials believe that the American commanders do not attach serious significance to the course of the German naval authorities. The incident continues to cause some irritation, but it is certain that no official cognizance will be taken of it.

A high official of the navy department said that at most the course of the German naval commander was one of bad taste.

DEMOCRATIC TICKET

FOR CONGRESS,
 MORDECAI WILLIAMS,
 of Boyd County.

For Kentucky, generally fair weather, preceded by showers in extreme eastern portions; cooler; variable winds.

KENTUCKY is the third State in the union in the amount of internal revenue furnished the Government. She paid last year over \$18,000,000.

THE Administration announces that "Commodore William T. Sampson is advanced eight numbers and appointed a Rear Admiral from August 10, 1898, for eminent and conspicuous conduct in battle." The Times-Star pertinently inquires which battle. The Senate will likely make some inquiries on this subject when the matter comes before that body.

A MRS. GIST, of Ohio, who has been investigating the army camps in the South asserts that some men died at the Lakeland, Fla., camp of pure neglect. All the hospital equipment and medical supplies had been removed from the camp and taken to Cuba. Such a condition of affairs is a disgrace to the nation, and the War Department should be held to a strict accounting for it.

NEW YORK, August 16.—The practical exhaustion of wheat stocks disclosed by the weekly visible statement shows the situation to be remarkable. The visible is now by several millions the lowest in the history of the trade. A stock in all principal cities of 6,877,000 bushels compared with 17,226,000 bushels for the corresponding week a year ago speaks for itself.

But the price, like the visible supply, still keeps very low.

FOUR hundred cities in the United States have already adopted the curfew ordinance and the officials report a decrease of from 75 to 80 per cent. in commitments of boys and girls to station houses and reform schools. It is said 80 per cent of the voters in every town that has adopted the measure approve it. As an argument in favor of the such a law it is claimed that 75 per cent of the parents of our country exercise home rule and control their children, while 25 per cent, do not.

REMARKABLE

Is the Record of the C. and O. in Operating Results—Significant Figures.

The record of the Chesapeake and Ohio in operating results is becoming each year more remarkable, says an exchange. Many times attention has been directed in the past to the exceedingly low average rate realized by the company on its freight traffic. It has seemed almost incredible that a still lower figure could be reached. Yet now the report 1897-8 shows that there was a further decline of over 11 per cent. in this one year, bringing the average down from 4.19 mills to only 3.70 mills. In other words, in the twelve months ending June 30, 1898, the company received an average only of 37-100ths of a cent. per ton per mile on the entire freight tonnage, high class and low class.

It follows, therefore, that it was necessary to move almost three tons of freight one mile in order to earn a single cent in gross movements. It is obvious that when a company of the importance and size of the Chesapeake and Ohio can earn its fixed charges on rates which necessitate the moving of three and four tons of freight a mile for the gross compensation of one cent, the science of rail-roading has been brought to a high state of perfection.

Electric Park's Last Week.

The auditorium was crowded last night by a delighted audience. The show is full of ginger and the people enjoy it to the fullest extent. The park positively closes for the season Saturday night; so go out to-night and help swell the crowd. Ten cents pays admission and car fare.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hagarty, Lexington, Ky. Sold by J. Jas. Wood & Son, druggists."

ELECTION COMMISSIONERS.

The Appointments For Mason County Couldn't Be Improved On.

The State Election Commission held a meeting at Frankfort Tuesday and appointed County Election Commissioners in all but four counties—Boone, Knott, Rock Castle and Russell. No recommendations from these counties had been received, and the selection of their Commissioners will be made as soon as the proper names can be secured.

J. R. Guthrie, of Oldham County, was the only Gold Democrat recommended, and he was appointed.

Secretary Chenault will send commissions to the new Commissioners as soon as the postoffice address of each can be learned.

In the counties where all Democrats were appointed it was because the Republicans refused to recommend any one.

The following is the list for Mason and other counties in this Congressional district:

Mason—J. N. Kehoe, Dem.; Daniel Perrine, Dem.; W. H. Wadsworth, Rep.

DR. MCCLUNG.

The Bank Check Forger Turned Another Trick Out West, But Is Captured.

[Portsmouth Times.]

Dr. McClung, who formerly resided here, has been heard from.

He is out West, and, from the American Bankers' Guide, it is to be judged he is speeding along at a rate equal to the best record of the bunco kings.

The American Bankers' Guide, just out, contains in its rogues gallery the picture of Dr. McClung, formerly of this city. He is number forty-two in the list of criminals and in the description of him is this language:

"A graduate of a medical college, who in the role of a book canvasser obtained physicians' signatures and forged indorsements therefrom. He swindled a member of the American Banking Association out of \$220 at Longmont, Colorado. On May 11th, 1898, he was arrested at Longmont."

It will be remembered that Dr. McClung got into trouble at Mayeville, Ky., swindling a bank there on a forged draft. He was captured, but succeeded in compromising the case. The affair caused a sensation here at the time.

The Cultivation of Grapes.

The grape industry of this country is increasing so rapidly and is becoming such a factor in commercial affairs that it has been deemed wise to give intelligent and expert attention to this crop. To this end an experiment station and school of instruction is to be established at St. Helena, California. Here the work of grafting and planting vines will be carried on. Several acres of land are to be used for this purpose, and Prof. Hayne, in whose hands the undertaking has been placed, has sent to France for a large number of grape cuttings. Thirty-five hundred of these will be of assorted varieties and 4,000 of the Rupestris St. George.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamrick & Co., of Shelby, N. C. Trial bottles free at J. James Wood's drug store. Regular size 50c. and \$1. Every bottle guaranteed.

COURIER-JOURNAL, August 16th: "Mr. J. N. Kehoe, the brilliant young Maysville politician, not only lost the Democratic nomination for Congress in the Ninth district last week, but he also lost his place in the party organization of the State. He was one of the best members of the State Executive Committee. The party law makes it incumbent upon a State committeeman to resign when he becomes a candidate for office. So Mr. Kehoe gave up his place the day the convention met at Cynthiana, and Mr. W. A. Young, of Rowan County, was elected to take his place."

Things Seen Are Mightier Than Things Heard.

We deliberately aim to be the cheapest handkerchief house in Maysville. If we are it behooves you to know it. Come in, inspection will convince the most incredulous. Hundreds of handkerchiefs have been gathered for this annual occasion from Ireland, from Switzerland, from France, and whether the price is at 5c. or \$1.50, the handkerchief will be exactly as represented; linen, cotton or silk. We sell more than 10,000 handkerchiefs a year, but too much selling is crowded into Christmas week. So this summer sale was organized to offer handkerchiefs when we could sell them cheapest—at least cost for storekeeping. Hence these among the economies of the day: Women's scalloped and embroidered Swiss handkerchiefs 8½c. At this price for Friday only. You've paid 12½c. for them and called them bargains, which they were—for they'd give little odds to the average 25c. handkerchief. Pure linen handkerchiefs, with hand embroidered, small initial and narrow hemstitched hem; sizes for men and women, 19c. You can not buy like handkerchief anywhere for less than 25c. Fancy bordered handkerchiefs for boys and girls; beautiful quality of sheer linen, 10c.—their regular price 35c. Why such a cut! Wise mothers don't pay 35c. for children's handkerchiefs, and the prediction last season of colored borders for women's kerchiefs failed—hence 35c. values for 10c. Pink and blue bordered handkerchiefs of satine cambric and a few all white 4 cents. Children's handkerchiefs with American and Cuban flag embroidered in wash silks in corner 5c.—others ask 10 cents.

KENTUCKY CROPS.

Wheat Badly Damaged by the Recent Rains. Weekly Report of the Weather Bureau.

The heavy rains of the first of the week have greatly increased the already serious damage to unthreshed grain, interrupted plowing for wheat, and also injured crops on bottom lands to a considerable extent. Otherwise, the agricultural outlook in this State is extremely promising.

The corn crop is exceptionally fine, and tobacco shows decided improvement; there are very few worms, less complaint of freninging, and many early planted fields have been cut and safely housed in the central section.

Pastures are affording abundant nourishment for live stock, and all minor crops and gardens are doing very well.

Lot For Sale.

I will offer for sale on Saturday, August 20, at 2 o'clock, the lot on the corner of Second and Wall street. Lot is 36 by 71 feet. F. DEVINE, agent.

"THE COLSON RIFLES."

The Members of the Gallant Fourth Regiment Fear an Early Discharge.

[Lexington Leader.]

It is now pretty certain that nothing will be known as to the movement of the Fourth regiment for the next few days, or until it is decided by the War Department what disposition is to be made of the volunteer army.

A telegram was received by Lieut. Col. Murray this morning from Col. Colson stating that the plans for the reduction of the volunteer army were in a state of formation.

Washington newspaper dispatches indicate that those troops of the second call which have not been removed from their respective States will be the first to be mustered out. These circumstances taken together have produced a feeling of uneasiness in the minds of the men and officers of "The Colson Rifles" that they will be mustered out.

On the other hand, however, there are some strong reasons why it should not be, and it is believed that the War Department's sense of justice will take a correct view of the situation and hold the regiment in the service.

Should the regiment be mustered out now, it would indeed be a great injustice to the officers, many of whom gave up good positions to fight for their country at a time when their services were badly needed. They have expended sums of money from \$200 to \$700 in buying their uniforms and outfits and paying for the transportation of their men here. Now, should they be mustered out, they would have only a month's salary coming, which would not near repay them for the amount they have actually expended.

Every man of the Fourth regiment is anxious to go to the front and see service and should they be mustered out now they would be disheartened.

After the presentation of the flags Tuesday the regiment marched down through town. There were 1,300 men in line and they made a magnificent showing, the general opinion of the people being that it was one of the best drilled regiments ever seen on the streets of Lexington. In the lines there were 300 men six feet tall or over, and three-fourths of the remainder are five feet eight inches or over, while there are very few as low as five feet six inches.

MR. W. S. MORRIS, Superintendent of Motive Power of the Chesapeake and Ohio, has prepared plans for a new consolidation engine, of which much is expected. The driving-wheels will be fifty-six inches in diameter, the cylinder 22x28 inches, and the weight ninety-two tons.

WHEN the New Central Hotel was completed some months ago, the BULLETIN stated that the proprietors contemplated making other extensive improvements to add to their already splendidly appointed hotel. Contractors will shortly begin work on a marble floor for the office, with a change in the main stairway. Steam heating and electric light plants will also be put in, and the company also contemplates establishing its own ice plant. With these improvements the Central will be one of the most complete hotels in the State in all its appointments.

The Great Whale
Arrived in our city yesterday and was viewed by our Mayor and many others who found it to be a very interesting sight. No doubt it will be viewed by many in our city as it has been in others. The Captain explains all the peculiarities of the whale tribe and how they are captured, which makes it a very interesting and educational sight for old and young. Remember, twenty-five people can stand in its mouth at one time.

MR. J. H. WALLINGFORD has rented his farm near Orangeburg to Mr. C. R. Storer, of Tuckahoe, and will soon move to Newport and reside with his son, Dr. Wallingford.

SUPERIOR

SINGLE DISC GRAIN DRILL.
Simplicity of Perfection.

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

CONFESSED HER SINS.

Then the Church Members Ignored Her.

NOW SHE'S A RAVING MANIAC

Remarkable Case Which Is Attracting Considerable Attention In a Prominent Town of the Hoosier State.

South Bend, Ind., Aug. 18.—Mrs. Josie Hamilton, until recently one of the most popular young ladies of Darlington, Montgomery county, is a raving maniac as a result of the refusal of the members of her church to forgive her acknowledged sin.

A few days ago Miss Hamilton's name was connected unenviably with that of a prominent male member of the church to which she belonged. Under threats of violence he fled from the city, and the girl was prevailed upon to confess her sin in church.

During services Sunday morning she confessed her transgression before the congregation and begged forgiveness. Upon concluding her appeal she sank half swooning into her seat, but the congregation fled out coldly, not extending the hand of fellowship to her.

Realization of the fact that her appeal was in vain prostrated the unfortunate young woman, and she was taken home raving. Physicians say she will probably never regain her mental faculties.

Shot While Promenading.

Chester, Ind., Aug. 18.—While Miss Ollie Fox, a popular young woman, and Will Osborne were enjoying a stroll in the early evening, Miss Fox was shot through the body by some unknown person and is lying in a critical condition. Whether the bullet was the result of an accident or an attempt at assassination is not known.

Bitten by a Mad Cat.

Fortville, Ind., Aug. 18.—The 8-year-old son of Asa Wallace was bitten by a rabid cat on Saturday evening last. On Sunday the child was taken to Newcastle, where a madstone was applied, which adhered for 13 hours and 55 minutes.

Pensioners Increasing.

Washington, Aug. 18.—The annual report of Commissioner of Pensions H. Clay Evans will show that at the close of the fiscal year 1898 there were 993,714 pensioners on the roll of the bureau. This was a net increase of 12,960 over the previous year. There were dropped from the rolls on account of deaths 33,961, and for remarriage and other causes 12,960 pensions were discontinued.

Crashed Into a Launch.

San Francisco, Aug. 18.—A launch from the government transport steamer Scandia was having a trial on the bay with a number of invited guests on board. The government steamer General McDowell came up and crashed into the launch, throwing three of the occupants into the water. Mrs. Paxton, wife of a stock broker of this city, was drowned.

Diedrichs to Represent the Kaiser.

Berlin, Aug. 18.—Emperor William has ordered Admiral von Diedrichs, commander of the division of the German squadron in the North Pacific, to go on board the first-class cruiser Kaiser to Batavia, Java, to represent him at the festivities there in connection with the forthcoming coronation of the Queen of the Netherlands.

A WOMAN never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most all of women's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure trouble of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pain of childbirth and insures the health of both mother and child.

A Good Thing For Chattanooga.

[Enquirer.]

Mr. Hiram Pearce, a bank officer of Chattanooga, formerly of this city, was at the Gibson Tuesday, en route for his native place, Maysville, Ky., where he has many prominent relatives and friends. "The Government has paid the soldiers at Chickamauga \$4,000,000 within the last two months," said Mr. Pearce, "and \$2,000,000 of this sum has remained in Chattanooga, which is now the finest city in the South for speculation. This is my first visit to Cincinnati in seven years, but I have taken the Enquirer ever since I left here, eleven years ago, and have kept up with the run of things here and at my old home as well."
